TECHNICAL SKILLS

Programming Languages: JavaScript, TypeScript, Tailwind CSS, HTML, Python, Java, Kotlin, C/C++, MATLAB, Haskell, C#

Software/Tools: Git, Linux, Node, React, Next.js, NextAuth.js, Prisma, PostgreSQL, Nodemailer, Android, AWS, Unity

AI & APIs: Anthropic Claude API (claude-sonnet-4-6), streaming LLM responses, server-side API proxying

PROJECTS

Math Problem Explainer | <https://claude-math.vercel.app/> **Jul 2026**

- Built a Next.js web app that streams step-by-step math explanations from the Claude API, adapted to the student grade level.
- Implemented a server-side API proxy to securely handle Anthropic API keys, keeping credentials out of client-side code.
- Motivated by firsthand experience tutoring K-12 students at Mathnasium, where students often struggled with math at home.

Valorant Skin Tracker | <https://valorantskintracker.vercel.app/> **Sep 2025 - Mar 2026**

- React website for users to track their in-game skins and create personalized loadouts which can be downloaded and shared.
- Ensured account security using NextAuth for authentication, Nodemailer for testing, and PostgreSQL for most data storage.
- Utilized Prisma for its type-safe database access and automated database migrations in conjunction with simplified queries.

RELEVANT EXPERIENCE

Math Instructor | Mathnasium | Whitefish Bay, WI **Mar 2026 - Present**

- Tutor over 100 different K-12 students (up to 24 students per day) in one-on-one and small-group (up to 3 students) sessions.
- Strengthen the foundational math skills of students and build their confidence in tackling challenging math problems.
- Adapt and modify pre-designed lesson plans in real time in order to match with each student's learning pace and style.

Freelance Tutor & Childcare | Independent | Milwaukee, WI **Jun 2024 - Feb 2026**

- Provided academic tutoring and childcare on a flexible basis while pursuing software projects and job opportunities.

Software Developer Intern | Acaia | Remote **Jun 2023 - Aug 2023**

- Gained hands-on exposure to a production Android codebase; documented activity lifecycle and device interaction patterns.

Scratch Club Instructor | Crestwood Elementary | Madison, WI **Jan 2022 - May 2022**

- Founded and coordinated a weekly after-school programming club (up to 15 students per week) alongside 2 other instructors.
- Introduced students to core CS concepts through Scratch projects while maintaining a fun/inclusive learning environment.
- Designed challenge extensions to keep students engaged beyond baseline curriculum; encouraged creative problem-solving.

VOLUNTEER EXPERIENCE

After-School Childcare Volunteer | Milestones Program | Shorewood, WI **Jan 2019 - Dec 2019**

- Supervised and mentored 20 first-graders across 2 semesters, providing a safe, positive, and fun environment for every child.

Ecology Volunteer | Urban Ecology Center | Milwaukee, WI **Aug 2018 - Dec 2018**

- Maintained and restored local green spaces by supporting urban conservation efforts such as planting native vegetation.

Food Pantry Volunteer | Riverwest Food Pantry | Milwaukee, WI **Jan 2018 - May 2018**

- Helped sort, pack, and distribute a variety of foods to community members in need as part of a local food security initiative.

EDUCATION

University of Wisconsin-Madison | Madison, WI

B.S. in Computer Science | GPA: 3.6/4.0

Sep 2020 - May 2024

Relevant Courses: Algorithms, Cryptography, Data Structures, Digital Systems, Discrete Mathematics, Machine Learning, Machine Organization, Linear Algebra, Mobile Systems & Applications, Object-Oriented Programming, Operating Systems
